

## Surgical and Med Spa Pricing

Our patients inquire about information on pricing and costs for cosmetic plastic surgery and med spa procedures. We provide a personalized cost quote for each patient following the consultation. To give you an idea of the costs you can expect, below is a list of price ranges for our procedures.

Note that the fees shown below include the facility, anesthesia, and post-surgical garments, and follow-up visits. They do not include the cost of prescription medications and scar creams.

Please contact us or call (901) 348-0777 if you have any questions about pricing or would like to schedule a consultation. Remember that we also offer cosmetic surgery financing to help make procedures even more affordable.
